WEEKLY REVIEW OF SOUTHERN INDUSTRIES

New Corporations Formed in Dixie
Land During the Week
Just Passed.

Chattanooga, Tenn., Nov. 2.—The Southern states are keeping up the pace of industrial progress with remarkable persistency, as will be seen from the list of new industries reported to the Tradesman by its correspondents and compiled by its office force for the week ending November 1.

The largest corporations formed this week as well as last were in Oklahoma, where there was a million dollar oil company and a million dollar oil company for the present week, with similarly large investments noted for the week before.

There are more telephone companies, water and electric light plants together with land and development companies, scattered over the entire south than usual, indicating the use of capital in such utilities and improvements as will bring the south along side any other portion of the country in these conveniences, which are now being generally recognized as necessary factors in permanent development.

There are similar evidences of greater diversification of industries and manufactures which promise a continuation of prosperous times; for no condition is likely to arise that will injuriously effect all classes of industries, and while any wheels are turning money is circulating and business going forward.

The record is really, marvellous, for one would suppose that there would be at some point a relaxation or cessation of effort in lines of development, and that this is not the case shows the wonderful resources of a section of that can so continuously absorb capital in enterprises of an industrial character.

The Tradesman list of new industries for this week is as follows:

Alabama.
Birmingham—Investment company.
Robertsdale—\$40,000 wood product company.
Enley—Pipe works.
Anniston—\$10,000 warehouse company.

Sour Stomach

"I used Cascarets and feel like a new man. I have been a sufferer from dyspepsia and sour stomach for the last two years. I have been taking medicine and other drugs, but could find no relief only a short time. I will recommend Cascarets to my friends as the only thing for indigestion and sour stomach and to keep the bowels in good condition. They are very nice to eat."

A NEW CORONER FOR BALDWIN COUNTY

Bay Minette Man Gets Important
Office—Court House Wreath
Waxing Warm.

A Montgomery special to the Birmingham Age-Herald says: The resignation of A. D. McPhaul as coroner of Baldwin county, and the appointment of N. G. McKenzie to the vacancy is the leading piece of news of the capital today. The appointment of itself would not ordinarily be of importance, but at the time when the county is in a turmoil over the question of a county seat and the sheriff is refusing to obey the orders of the judge of the circuit court, it is important from the fact that the coroner is the only officer who can arrest or serve writs upon the sheriff.

On October 17, last, the governor, on request of a large number of the voters of the county named for Coroner A. D. McPhaul. On his petition were the names of eighty citizens, the judge of probate, clerk of the circuit court, sheriff, deputy solicitor, tax collector, clerk of the probate court, county commissioner and member of the legislature. His postoffice was given as Bay Minette, and it was known that he was in the turpentine business.

McKenzie Petition.
At the same time there came a petition to the governor to name A. G. McKenzie of Daphne, who had a petition with 81 signatures, but none of the county officers. Along with it was a letter from E. Q. Norton asking for the appointment of Mr. McKenzie, "of Daphne," and saying that he is a good man who has not taken any part in the controversy now on, and who is "satisfactory to Mr. Oscar Hall, the attorney for the county commissioners of this county." This letter was dated October 14, and on the back of it a letter from the same Mr. Norton, protesting against the appointment of McPhaul, saying among other things: "His appointment would not be satisfactory to the people of our county, as he is a partisan; is also a deputy of the sheriff, I am advised, and would in the opinion of all with whom I have spoken, carry out the orders of the court."

At the same time Judge S. B. Browne of the circuit court protested against the appointment of McPhaul, but not until after the appointment had been made.

The Trouble.
The trouble in Baldwin county, so many times thrashed over, is in the dispute as to which is the county seat, Daphne or Bay Minette. The latter has the court house, the officers and the records. The former has the decision of the supreme court, which holds that the funds to build the court house at Bay Minette were not properly raised and therefore, the county seat is not there. This has given Daphne so much of a legal status that Judge Browne ordered court there, but has not been able to get the sheriff, J. M. Armstrong, to serve any papers, or the other officers to bring in the records.

In his letter to the governor Judge Browne is not at all easy on Sheriff Armstrong, who is now under sentence from the tribunal in several cases. He contended that McPhaul was under the dominion of Armstrong and that he would be the tool of the sheriff. However, the letter did not get to the governor until after the appointment was made.

Mr. McPhaul's resignation came to the governor by wire. He then came on here today to explain the situation. He was accompanied by Sheriff Armstrong.

Dr. Finn's Testimony Interesting.
Dr. Thomas Finn, of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective for chronic and acute kidney and bladder troubles as Foley's Kidney Cure. It stops irregularities and builds up the whole system. W. A. D'Alemberte, Druggist and Apothecary.

TO THE TRADE.
On account of quarantine, we will not undertake to establish a branch house in Pensacola until same is revoked. We will make all oil and grain shipments from Mobile, Ala. Same will go forward promptly. Send us your orders for high grade oils.

WHY MERCHANTS SHOULD ADVERTISE IN THE WEEKLY JOURNAL

The attention of merchants and advertisers in general is directed to the fact that The Journal's WEEKLY EDITION is now read by practically every reader in the county outside of the city who does not take the daily.

Advertisements in the DAILY reach practically all of the city people and a large part of the country people; but an advertisement in both the DAILY and the WEEKLY will reach all of them—both city and country.

THE WEEKLY JOURNAL is a compilation of the local and telegraphic news which has been published in the daily during the week, and it reaches every subscriber in time for him to read on Sunday.

No Pensacola merchant who desires the country trade can afford to stay out of The Weekly Journal.

It is mailed to subscribers for \$1.00 per year, and practically every voter in Escambia county reads it.

ADVERTISE IN THE WEEKLY JOURNAL
